Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. After discovering she's half dragon, Rowan figures it can't be any worse than being related to the Celts. That's the thing about assumptions, though. They come round and bite you in the ass. The second book in a magic-laced, fast-paced, fantasy trilogy. With dragons. I'd rather fight than study, but I'm stuck poring over dusty scrolls. I promised I'd learn about the dragon part of my magic, but I'm having a hell of a hard time believing there's some concealed strain of power just waiting for me to kindle it. Meanwhile, my friends the witches are playing fast and loose with remaining hidden. My Celtic kin won't bother them anymore—at least I don't think they will. But far worse things rove Earth than the Celtic gods. The Breaking has developed an energy all its own. The longer it runs wild, the harder it will be to contain. Soon, very soon, no magic in the Nine Worlds will be enough to counteract it. Once that happens, the few remaining mortals will go first, but the rest of us won't be far behind them. Fans of the following books and series are known to enjoy this epic paranormal dragon fantasy series: a kingdom of exiles a shade of vampire academy of magic dragon's gift accidentally in love attack by magic dragon's gift awakening dragon born in fire burning tower call of the dragon choose love covert fae crime of magic dragon's gift crimes against magic dark stranger the dream darkness bound dragons of the darkblood secret society druid enforcer ghostwater goddesss choice golden age greyriver shifters hotbloods hour of darkness house of darken iron and magic jinn's dominion junkyard druid Kate Daniels' Magic Series master of magic dragon's gift natural mage natural witch obsidian son raised in fire rogues of magic shadow keeper shadow kissed space knight 4 twisted fate unchained undercover magic dragon's gift war god's mantle wheel of time wild hunger Keywords related to this epic paranormal dragon fantasy series: Dragons, Fantasy Books, Epic Sagas, Epic Urban Fantasy series, Werewolves and Shifters, Dystopian, Post-apocalyptic, Norse mythology, Celtic Mythology, Animals & Nature, Popular Series, Paranormal Fantasy Books, Top Rated Books, Tricks, Fantasy Omnibus, Epic of Gilgamesh, Spells & Charms, Romance Books, Wizards, Fantasy Romance Books, Essential Reads, Epic Fantasy, Omnibus Bundle, Paranormal Romance Series, Adventure Books, Mythology and Folklore, Celtic gods, Top Rated Fantasy Collection With dragons And Shapeshifters, Dragons, Fantasy Bundle, Heroine, Supernatural and Occult, Sword And Sorcery, Shifter Romance, Historical Paranormal Romance Series, Fantasy Stories, Shifter Series, Fantasy, Shifter Omnibus, Best Rated Omnibus, Omnibus Collection, Paranormal Romance Books, Magical Adventures. Unparalleled Sovereign Ye Dongfeng was only an inch away from the Misty Heavenly Dao, but at the critical moment, he was plotted against and reincarnated at the starting point of everything. In this life, Ye Dongfeng had created a perfect dao heart. He slowly got up, used his cold talent to sweep the world, turned his hand into a cloud, and used his own strength to trample all around, suppressing the current era. The regret and unwillingness from his past life had been completely wiped out. His name shook the Primordial Era, and with war as the way, he finally became a Saint Lord. Vampires don't fall in love. Except I did. Not the best decision of my long life. I definitely cracked an unspoken line, but Ariana trounced me as far as line-crossing went. Very few acts constitute crimes in Vampire circles. Hers was the worst. I fled to the Old Country to buy myself thinking time. I still loved her, but what

she'd done was so vile I couldn't set it aside. The world is a very different place from when I went into stasis. I woke to wars on every side. Vampires are scarcely strangers to battle. No one's ever accepted us, but they've mostly let us be. It's different this time. Very different. Mortals won't rest until they've wiped out magic. Normally, their efforts would be laughable, but they've coopted help from mages. Ones they've imprisoned and systematically stripped of power until the poor sods would agree to anything in exchange for their freedom—and their magic. We face huge problems, but I'm tackling them one by one. I'll return to Ariana's side, but perhaps only as her comrade-in-arms. Time will tell if we can be more to each other. Time and circumstances. In a world without magic, Vampires will wither along with every other magic-wielder. I cannot let that happen. Two lost wolves. She has been banished. He is without a pack. Can they find anything in common? Chelsea Rhodes was ousted as Mistress of Coronado and banished to Hawaii. That doesn't sound bad... unless you're a wolf-shifter in a place wolves have never existed, the plantation you've been given teeters on the brink of bankruptcy and there's a wolf skulking around saying he is your fated mate. He is the illegitimate son of the Alpha of Wolf Song, but was raised as the son of the Alpha of Paris. His adopted father is dead, his brother is installed as the leader in Paris and his mother is reunited with her fated mate, Dax is trying to decide on his next move when an assassin almost succeeds in killing him. His mother asks him to go and help Chelsea but she does not want his help or anything to do with him. Will Dax be able to convince Chelsea that together they can build a successful business and pack before Christmas? Author note: Mulled Wine is a rejected mate romance with steamy heat in and out of the bedroom for mature readers. Here's a roadmap to Edge of Night. Welcome to an eclectic collection of nine short stories. You've done time at the edge of night. Nail-biting, stomach-churning time filled with hissing snarls, menacing growls, the whoosh of unnatural wings, and the flash of hellfire. Time that lasts forever, but is over within seconds because time becomes unpredictable in places like that. You don't want to stay, but it's too fascinating—in a grisly, macabre, toe-curling kind of way—to turn your back on. You recognize it, though. The place just at the threshold of darkness where it's not quite safe anymore. Evil broke its bounds at the edge of night, or maybe it always ran free and we've been deluding ourselves all along. Join me for nine supernatural tales. Monsters, demons, gods—fallen and otherwise—ghosts, aliens. A touch of science fiction. More than a splash of romance. From magical lands to a chilling glance into the past, Edge of Night has something to tempt everyone. Everyone who craves danger, that is. It takes guts to read the stuff woven into nightmares. It's a tough job, but you're up to it. Welcome to my world. A world where magic holds court and the dude next door just might be a demon. Or a shifter. Or an alien. "Of all of the warriors in the Nightfury pack, none is more complicated or more damaged than Wick. Emotionally scarred from a childhood of slavery and torture, Wick can barely stand the touch of another person. But all bets are off when he meets newcomer J.J. Solares. When J.J. is unjustly imprisoned, Wick agrees to help rescue and return her to the family fold. But Wick lives a life of self-imposed isolation, even among his beloved brothers in arms. Venturing into the world to seek justice for J.J. may be more than he can bear. Meanwhile J.J. fights for her life at the hands of brutal prison guard Griggs. When she winds up in the hospital she sees no hope for things getting better. But events take a dramatic turn when she and Wick encounter each other. The connection they share is unlike anything either has felt before. J.J. believes she is hallucinating when she sees the majestic dark-haired god sweep in to save her, and Wick is shaken to his core by the attraction he feels for J.J. For the first time in his life, he finds himself wanting to get close to a woman. After J.J.'s rescue, the two retire to Wick's mountain home, where J.J. recovers from physical injury while attempting to help Wick recover from his emotional ones. But neither is out of harm's way yet. And when they find themselves in the center of a Dragonkind war, they are forced to make the ultimate choice between surrendering to their fears or each other's love."--Amazon.com A tragic accident. A case of mistaken identity. A confusing fated mate calling. Who did they bring home from the accident? On the backroads of Italy, a targeted act of violence takes the lives of three of the four people in the car. The only survivor is an unconscious Kinzie Edwards, who is mistakenly identified as her twin sister. Damian is the brooding head of the Sonoma Pack and of the Luna de Lobo Vineyard on the California coast. When Hunters strike at his people, Damian rushes to Italy to care for the mate to his omega. Except it isn't Kayla he brings home. Thirsting for answers and revenge, Kinzie leaves the safety of Damian's embrace to confront those who murdered her sister. Can Damian rescue her before the Hunters kill her, completing their mission? Uncorked is the brilliant first book in the Tangled Vines series. A Fire Dragon summoned here by a dangerous mage inflames the passion in the human female he has chosen to become his mate. The path of Immortal Ascension for Fighters was extremely difficult! If you like 'em dead. This is the urban fantasy series for you. Over 900 pages of edge-of-your-seat Reaper action. Vampires too. Shadow Reaper The dead are restless, and a whole lot less cooperative than they have been. That was true even before I drew the short straw and ended up with Vampire duty. Since then, Reaping has taken way more time. So much, I'm worried I'll lose all the clients from the career that actually feeds me. I run a small private pilot school. It pays most of the bills and means I don't have to keep regular hours. Death wants me to remain in one piece. She's bailed me out often enough, she's all but ordered me to find other employment. I just smile and nod after our little talks, and then I climb back into a cockpit. Our last toe-to-toe didn't go so well. She went and assigned Vampires to me. That's when Reaping turned into a million-hour-a-week job. I can almost hear the Reaper who was stuck with them before, laughing his head off. I shepherd souls to the other side. Vampires have zero interest in leaving, but I have a quota to fill. Means I have to trick them, but it didn't work for long. They're onto me. Damn Death, anyway. She painted a target on my back, and now the Vamps are out for blood. In more ways than one. Rebel Reaper Come fly with me. Catchy, huh? It works for airplanes. Maybe it will work for the dead once I launch my own Reaping business. Except my new tagline will be, come die with me. Back when my life was simpler, I thought all I had to do was hold gateways for the dead to pass through. Silly me, I actually enjoyed Reaping. Almost like a drug or fine old whiskey, it made me high, filled me with delight, and left me glowing with the rightness of providing a last bit of compassion. Good little Reaper that I am, I never examined any of it too deeply, just crafted portals, exactly as Death trained me. Ha! She neglected to mention I command way more magic than she'd let on in Reaper school. Death smiled pretty to my face and then lied to me. Used me. Me and all the other Reapers. I can't not Reap. It's hardwired into me. But I can tell Death I quit. Big words. I have no idea if I've got the guts to follow through, or what Death would do about open insubordination. I've always liked to live on the wild side, though, so I guess I'm about to find out. Untamed Reaper I did it! I'm free. Well sort of. Freedom isn't as cut and dried as the word implies. In this case, I'm at the top of Death's Worst Reaper Ever list. What it signifies remains to be seen. I broke free from Death because there wasn't any other way out of Reaping Vampires. She refused to let me off the hook or consider other arrangements. I'd have been content leaving it at that, but word about my choice got out. Other Reapers clamored for independence too. Death's fury expanded another notch with every defection until nowhere is far enough away for me to run to. If I was only fighting her, it might be manageable. Toss in Vampires who hate my guts, a phalanx of dark gods who want my hide, and a bunch of bigoted mortals who've decided magic is holding them back. Pah. Humans are their own worst enemy, but they're the least of my problems. It's been a rocky journey. Along the way I've uncovered allies and even a man who loves me. Will we be enough to slam the gates and send darkness packing? We have to be. No prisoners. No choices. The current Queen Ao Jiao who dominated the Azure Sea, had been reborn as the ninth lady of the Leng Clan of a foreign land. Who would have thought that trash would actually be a peerless genius among top elementalists! His talent was outstanding, yet he was pretending to be a pig to eat the tiger while leaning on a tree to conceal his strength. When the family suffered a calamity, who would turn the tide and restore their prestige? When the top elemental school came to recruit new students, who was it that was able to amaze and shock the entire audience? In the continent's selection test, who broke the record and reached the top in glory? A sword, a book, a beautiful face. But when she met him, the Queen met the King, the firewood met the fire, and the burning flower of love spanned ten thousand years. He said, "If the people of the world bully you, humiliate you, slander you, I will destroy the world!" She said, "If someone loves you, kisses you, loves you, I'll give it up ..." From her point of view, this was an extremely good deal. In his eyes, it was an extremely arduous and dangerous journey to find a wife. Fire and dry wood? A pair! This was a strong alliance between strong men and strong women. This was a sweet pursuit by a running man. Daar waar macht is, is ook de meeste kans op verraad... Ooit was ze Eon, een meisje dat

haar leven waagde voor een droom. Nu is ze Eona en heeft het land haar nodig om de rechtmatige keizer op de troon te krijgen. Tot haar afschuw moet ze een verbond sluiten met haar grootste vijand, een vijand die alles wat ze liefheeft in een handomdraai zou kunnen vernietigen. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. After her Celtic kin proved too big a bunch of bastards to bother with, Rowan sought solace among witches. The first book in a magic-laced, fast-paced fantasy trilogy. With dragons. After the Breaking, not much was left. I assumed it was a case of magic gone bad—until I discovered my goddess mother had broken the world. She didn't like it that I'd turned my back on the pantheon. My long tenure among witches rubbed salt into the wound. After a confrontation where Mommy Dearest fessed up—and lacked the decency to bat an eyelash about the widespread destruction she'd caused—I was digesting what to do next when a dragon showed up. Yes. A dragon. The beast didn't talk with me or anything, but it flew overhead wreaking havoc on a goblin horde. Witches are old souls with kind hearts, but they're not particularly strong magically, so I was grateful for the help. And suspicious as hell. Why a dragon? Why here and why now? More importantly, why was he—she?—helping me? Part of me didn't want to know, and another part was certain I'd find out anyway. Will we be enough to slam the gates and send darkness packing? We have to be. No prisoners. No choices. Bundled together for the first time! Over 1200 pages of riveting vampiric urban fantasy. Harsh Line My very existence is under attack. I've kept a low profile, told myself the craziness sweeping the world would pass me by. Yeah, it was wishful thinking, actually an outright lie, but it's kept me sane. I've been hiding out forever in one guise or another. Currently, I run a nightclub. Ascent is an "ask me no questions, and I'll tell you no lies" haven. For everybody. I'm a Vampire. Far be it from me to judge. My closest ally is a shapeshifting dire wolf. I adopted him when he was a scrawny puppy, but I'm getting ahead of my tale. The fragile détente between supernaturals and humans has crashed and burned. I can't avoid the truth any longer. Lucky for me, mortals don't know exactly what I am. When I moved to Seattle, some vampiric sixth sense urged me to play my cards close to my vest, but I'm done burying my secrets. And my power. Warped Line I chose stasis—a long sleep—for me and two of mine. Hard to time these things, but we woke in the eye of a cyclone. When I went to sleep—to avoid being drained of magic and blood by dark Sorcerers—Vampires weren't exactly on the endangered species list, but not many of us are left. No one ever accepted us. Not mortals and not others with power, either. At least one of those dams has developed a few cracks. Supernaturals aren't quite welcoming, but they'll take help from any quarter. Mortals have declared war on magic, and they won't rest until we're all sitting in iron-clad prisons. What a bunch of cowards. If they weren't hiding behind false humanitarian walls, they'd be honest about their intentions and do their damndest to kill us outright. Cracked Line Vampires don't fall in love. Except I did. Not the best decision of my long life. I definitely cracked an unspoken line, but Ariana trounced me as far as line-crossing went. Very few acts constitute crimes in Vampire circles. Hers was the worst. I fled to the Old Country to buy myself thinking time. I still loved her, but what she'd done was so vile I couldn't set it aside. We face huge problems, but I'm tackling them one by one. I'll return to Ariana's side, but perhaps only as her comrade-in-arms. Time will tell if we can be more to each other. Time and circumstances. In a world without magic, Vampires will wither along with every other magic-wielder. I cannot let that happen. Broken Line In all my years as a Vampire, hundreds of them, I never imagined humans would be anything other than food. Rich, pure, delectable blood. Prey that fought back never posed a problem. Mortals couldn't stand against those of us with supernatural ability. That world still exists, but it's taken a backseat to humans who've joined forces with turncoat mages. Mortals were never meant to wield power. Over the long haul, they're sure to be very sorry for the choices they've made. Maybe someday I'll be a humble innkeeper again, but it's so far in the future I can't even think about it. Nope. For now, all I see is blood. Rivers of it, and not running down my gullet, either. On the plus side, I have good friends, powerful allies, and a Vampire who loves me. We have to come through this unscathed. Have to. I'm Ariana Hawke, and I take care of what's mine. Twenty-nine years ago, the Alpha of Paris tore her from my arms. Today, I'm going back to claim what's mine. Charlotte Beaufort's origin pack plans to use her as a pawn in their power play. Daniel Lawson, the dashing intelligence agent at the American Embassy in Paris is her fated mate. Char made a deal with two of the most powerful Alphas in wolfen society—her uncle and the Alpha of Paris in exchange for Daniel's life. When Char learns she is pregnant with Daniel's child, her

mate adopts the boy as his own. Many years later when Hunters kill her mate, Daniel knows it is time to reclaim his fated mate and his family. It was long past time he went to collect them... Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. Rowan hasn't made a dent in coming to terms with her black-to-his bones dragon father when she gets pregnant. The dragon-child isn't even here yet, but everyone's already fighting over his future. The third (and last) book in a magic-laced, fast-paced, fantasy trilogy. With dragons. I'm being pulled nine ways at once. Brand new mating. Brand new pregnancy. Stronger magic than I'm used to. The Nine Worlds are failing. Rot that began on Earth has spread to Vanaheim. Odin knows more than he's telling us, and no one has any interest in working together. The only thing everybody has in common is a sudden, weird fascination with my baby. The dragons want him raised on Fire Mountain. The Celts want us in Inverlochy Castle with them. Hel hasn't weighed in, but I bet she'd like to see her grandson in Niflheim where she can dandle him on her knees every day. If it weren't for the catastrophe looming over our heads, Bjorn and I would escape to a distant borderworld and never look back. It's always an option. Good to preserve as many of those as possible Keep your fingers crossed for me. And my son. See you on the other side. He's a dragon ready to protect her at all costs. Even from herself. Where there's smoke, there's dragon fire. Ordinary girl. Extraordinary fate. Violet Winters is having a less than perfect day. Her parents are meddling with her love life (again), her wintery magic is kaput and her vivid dreams are coming far too close to reality. When she falls through the ice after seeing her fiancé all close and snuggly with a fellow polar bear, all bets are off. Is she better off dead or will she get another chance at life when a Grimare angel rescues her from her chosen fate? Fire meets ice and passions ignite. Dante is a dragon on a mission: fight the string of strange fires springing up around Westmore and find a mate. When his Captain decides to have the men pose for social media shots to garner attention for the station, Dante finds himself in the middle of a steady stream of women after his special strategically placed "fire hose." At Hot Whips Café to haggle with the owner for counter space for their new firemen calendar, he meets a woman who sets his inner scales on fire. Can he save her from the machinations of the Fates or will she die a second time by the very threat Dante fights against? A dragon's panty-melting kiss may just be the wow this curvy girl needs. Coming from a race of dragons able to assume human form, Rikar, the last of the frost dragons, never imagined he could be conquered--until a sizzling encounter with street-tough homicide detective Angela Keene. He's consumed by his need for her, and willing to do anything to be with her again. Then the unthinkable happens: Angela falls into the clutches of a clan of dragonkind who feed off the life energy of women. If Rikar can't rescue Angela, the only person who has ever been strong enough to command his love will be destroyed. Refusing to accept this fate, he vows to track down Angela and make her abductors pay--even if it costs his life. Read the HILARIOUS books that inspired the HOW TO TRAIN YOUR DRAGON films! It is the Doomsday of Yule. At the end of this day, either the humans or the dragons will face extinction. Alvin the Treacherous is about to be crowned the King of the Wilderwest on the island of Tomorrow. His reign of terror will begin with the destruction of dragons everywhere. The fate of the dragon world lies in the hands of one young boy: Hiccup Horrendous Haddock the Third. If Hiccup can't beat Alvin the Treacherous then the entire human AND dragon race will become extinct. The time has come to prove himself, once and for all. Will Hiccup - with the help of his friends Fishlegs, Camicazi and Toothless the dragon - finally be crowned KING? And will the dragons survive? How to Train Your Dragon is now a major DreamWorks franchise starring Gerard Butler, Cate Blanchett and Jonah Hill and the TV series, Riders of Berk, can be seen on CBeebies and Cartoon Network. Ten years after Alex and Aaron Stowe brought peace to Quill and Artimé, their younger twin sisters journey beyond Artimé in the sixth novel in the New York Times bestselling sequel series to The Unwanteds, which Kirkus Reviews called "The Hunger Games meets Harry Potter." As the greatest army ever assembled in the seven islands flies to the land of the dragons, everyone's mind is haunted by the same thought: Thisbe Stowe betrayed them all. Thisbe struggles to regain the trust of her brother Aaron and the people of Artimé after one crucial mistake forces her to abandon her intricate plan against the Revinir. Aaron is devastated by Thisbe's actions and refuses to hear her explanation, feeling a sense of responsibility for the wrong she's done mixed with his own deep regret and fears over his dark history. Complicating things are Thisbe's conflicted feelings about the Revinir, leaving her wondering if she allowed herself to get too close to the dragon-woman...and if she really is more evil than good after all. Risking everything they'd fought for since first being declared Unwanted, the people, creatures, and statues of Artimé and their allies make a final desperate attempt to take down the Revinir and bring peace to their world. But is the Revinir too powerful to defeat? And...will the Artiméans ever find out what's behind that last secret door? Delve into the mind of Critical Role's most charming villain in this original novel that chronicles Lucien's early life and his fateful meeting with the Mighty Nein. Lucien has always been able to spin a bad situation to his advantage. From his childhood on the dangerous streets of Shadycreek Run to his years living off the grid and learning blood magic from the Claret Orders, the charismatic blood hunter will find a way to get the upper hand. When Lucien is on a job in the frozen wastelands of Eiselcross with his fellow mercenaries, a rough-and-tumble crew called the Tombtakers, fate leads him to a mysterious journal in the ruins of an ancient city. The book speaks of the Somnovem, nine beings who can grant Lucien power beyond imagining—if he is able to find them and free them from captivity. Intrigued by this opportunity, Lucien pores over the journal—but the more he reads, the stranger things become. The nine whisper to him in dreams and waking visions. Time slips away, along with Lucien's grasp on reality. And tattoos of red eyes begin appearing on his skin. . . . With the ability to reshape the world within his grasp, Lucien ignores all warning signs. He has always bent fortune to his will, and nothing—not even death—will stop him now. Written by New York Times bestselling author Madeleine Roux, Critical Role: The Mighty Nein—The Nine Eyes of Lucien explores the meteoric rise and fall of one of Critical Role's most notorious and tragic figures. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series. I have a treat for you! A brand new DRAGON LORE book. This is a spin-off from the top-selling Dragon Lore series and can be read as a standalone. Aegir, the Selkie king, has a lot on his mind. He and his pod all but raised a young seer, and it damn near kills him to turn the boy over to his father. Especially when the father makes it abundantly clear he plans to erase the lad's memories of his first two years. Fuming, Aegir retreats to an island in the Orkney chain that holds a gateway to Arcadia, a magical land protecting the source of White Magic. One morning, a strange Selkie catches his eye. Alarmed, he swims out to investigate. Unknown Selkies are bad news. Either spies or rejects from their own pods, they're never welcome. Raene spends most of her time running a small bakeshop in the Highlands, but she seeks refuge in the sea once a year. She's only just taken her seal form when another Selkie accosts her. It's obvious he wants her to clear out, but she stands her ground. It's either the bravest thing she's ever done, or the stupidest. He might be rude and abrasive, but she has a problem, and he's her best bet to solve it. PRAISE FOR THE DRAGON LORE SERIES: "That was SPECTACULAR! I LOVED every part of this prequel in the Dragon Lore series. I love the blend of ancient and modern Celtic and other culture's gods/goddesses and mythology." Goodreads review "Oh wow what a great new paranormal series. It's got dragons, selkies, gods, mages. And more!" Goodreads review "Ann Gimpel did it again. roped me in with a single book into another series!!" Goodreads review "If you love anything dealing with Celtic myths then this is the series for you!!!! Hoe tem je een draak (How to Train your Dragon) is de megapopulaire serie van Cressida Cowell, waarvan wereldwijd meer dan 8 miljoen exemplaren zijn verkocht. Vanwege de nieuwe, grote bioscoopfilm in januari 2019 verschijnt deel 1 nu als filmeditie. Eerder bracht filmgigant DreamWorks twee films gebaseerd op deze serie naar het witte doek. Begin 2019 verschijnt de derde en laatste film over de niet zo stoere vikingszoon Stikkum en zijn draakje. Speciaal voor deze gelegenheid verschijnt het eerste deel van deze boekenserie in een nieuw jasje, voor een nieuwe generatie jongens en meisjes! De boeken van Cressida Cowell zijn bekroond met diverse prijzen, waaronder de belangrijke Blue Peter Award. In 2018 verscheen het eerste deel van Cowells langverwachte nieuwe serie, De Tovenars van Ooit. 'Als je de maffe maar o zo geweldige How to Train your Dragon--serie nog niet hebt ontdekt, mis je een van de grootste bedenkensels in de moderne jeugdliteratuur.' The Guardian

In the next installment of Coreene Callahan's bestselling Dragonfury Series SCOTLAND, a dragon shifter cursed by a terrible past finds redemption in the arms of the woman he's unable to protect. Commander of the Scottish pack, dragon warrior Cyprus harbors a terrible secret. A brutal truth he has long kept hidden. But when a powerful foe resurfaces, he steps from the shadows and returns to the hunt, vowing to protect his pack along with the woman his enemy seeks to use against him. Brilliant, broke, and working two jobs, book conservator Elise Woodward has always struggled to make ends meet. When she lands the middle of a secret war, she becomes the target of a rogue pack of Dragonkind and the unwitting guest of a warrior who refuses to let her go-and despite the danger, makes her want to stay. With the rise of a new enemy, Cyprus is forced to face his demons. But will defeating them be enough? Or will the past return to haunt him, taking the only woman he will ever love? Other titles in the Dragonfury Series: SCOTLAND Fury of a Highland Dragon Fury of Denial Novels in the Dragonfury Series: Fury of Fire Fury of Ice Fury of Seduction Fury of Desire Fury of Fate (a short story) Fury of Obsession Fury of Surrender Urban fantasy and slow burn romance wrapped into a serial that will keep you up reading long into the night. Strange bedfellows rock worlds. My days as Faery's reluctant regent have crashed and burned. Either I left the land to rot in a squalid soup of broken promises, or I destroyed her enemies one by one. No choice there. Not really. I'd known some of those "enemies" since childhood, which was centuries ago. They say familiarity breeds contempt. In my case it bred sorrow as I consigned Fae who'd been friends to eternal destruction and fed them to the land. Dariyah, the Witch-who-wasn't-one, crossed my path for reasons I'm still figuring out. Her long-lost mother presided over one of Faery's many dirty secrets, the Midnight Court. Some like to believe Fae blood is pure. It's not. We and the Sidhe are joined at the hip, and the Midnight Court was once a living symbol of our bond. I'll fight to maintain a magical world that's open to all. If I'm quick, ruthless, I might beat Oberon at his own game. Sly bastard that he is, he still holds the link to Faery. If I can't wrest it from him, the land—my land—will wither and fade. Come fly with me. Catchy, huh? It works for airlines. Maybe it will work for the dead once I launch my own Reaping business. Except my new tagline will be, come die with me. Back when my life was simpler, I thought all I had to do was hold gateways for the dead to pass through. Silly me, I actually enjoyed Reaping. Almost like a drug or fine, old whiskey, it made me high, filled me with delight, and left me glowing with the rightness of providing a last bit of compassion. Good little Reaper that I am, I never examined any of it too deeply, just crafted portals, exactly as Death trained me. Ha! She neglected to mention I command way more magic than she'd let on in Reaper school. Death smiled pretty to my face, and then lied to me. Used me. Me and all the other Reapers. I can't not Reap. It's hardwired into me. But I can tell Death I quit. Big words. I have no idea if I've got the guts to follow through, or what Death would do about open insubordination. I've always liked to live on the wild side, though, so I guess I'm about to find out. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. Scientists don't believe in dragons. Dragons never think much about humans at all. Maybe it's time for their worlds to collide amidst the dangerous beauty of Antarctica. Doctor and biochemist, Erin signed up for six months aboard an Antarctic research ship to escape her stifling surgery practice. Jerked from her cozy cabin, she's dumped in an ice cave by men who assume she's dead. Konstantin and Katya, twins and dragon shifters, have lived miles beneath the polar ice cap for hundreds of years. Other dragons left, but they stuck it out. When several humans—all but two of them dead—end up not far from their lair, the opportunity is too good to pass up. If the lore is to be believed, humans can become dragon shifters. Delighted by a simple solution to their enforced isolation, the dragons lure the humans to their home. Surely, they'll be thrilled by the prospect of becoming magical. Or not. Too bad no one shared the script with the humans. Science be damned, they're horrorstruck in the face of fire-breathing dragons. All they want is to escape, but home is thousands of miles away. **READER PRAISE FOR THE ICE DRAGON SERIES:** Two humans destined to die in the ice...two last dragon shifters on earth...throw in some sea serpents and you have yourself an intriguing read and a tail that makes your heart sing. Goodreads Review Another amazing book by Ann Gimpel. The world building in this new series is well WOW. The characters are terrific; bigger than life and not from this world. Goodreads Review I love how descriptive this story is, I think that really heightens my imagination to a point of not only becoming a part of the story but actually seeing it... like watching an action-packed movie. Goodreads Review When the humans are challenged with a life or death dilemma, this new world entices them but this fantasy isn't made for wimps. Hoewel Chloe Underwood het naar haar zin heeft in Parijs, heeft ze inmiddels wel een beetje genoeg van haar saaie baantje als vertaalster. Zo langzamerhand snakt ze naar wat spanning, passie, misschien zelfs een beetje gevaar in haar leven. Wanneer ze de kans krijgt een weekend naar een luxueus chateau te gaan om te vertalen bij een businessmeeting, grijpt ze die kans dan ook met beide handen aan. Bastien Toussaint verkeert in dubio. Die zogenaamde vertaalster móét wel een geheim agente zijn, maar wie stuurt er in vredesnaam een type als Chloe? Ze is óf ongelooflijk goed, óf juist helemaal niet. Of ze spreekt de waarheid... en dan is ze echt alleen maar een onschuldige vertaalster die op de verkeerde tijd op de verkeerde plek is. Feit is dat ze op het punt staat vermoord te worden, maar als hij besluit haar te redden, moet hij zijn dekmantel opgeven - en dan lopen ze beiden gevaar... Modekoningin Lucretia Cutter heeft kwade plannen, die levensgevaarlijk zijn voor Darkus, zijn neushoornkever Baxter en alle andere kevervrienden. Darkus moet haar en haar spionerende gele lieveheersbeestjes te slim af zijn. Zal het hem lukken de keverkoningin te stoppen? Moirin is alone, and far from the land of her birth, with nothing but a few resources of her own to draw upon, and few friends she can call upon, in what is about to become a nation of enemies. She has her natural ability with a bow, for survival, and a facility for languages - and then there are the

gifts of her gods: a small ability for foretelling, for concealment, and to coax plants to grow. Alongside them all she has the gift of Naamah: the gift of desire. Yet these are small advantages against the challenges she will face - betrayal, treachery and indoctrination - and some of them may not prove to be advantages at all. There is a long, difficult journey ahead of her, in her search for Bao, the young Ch'in warrior who carries a piece of her soul as well as her heart, and harder decisions to make. Whether she can forgive a deliberate betrayal; whether she will fight against all odds for her love; and whether, when all believe her dead and her life and her religion hang in the balance, Moirin can sacrifice her beliefs, or will hold true to her goddess even in death ... I chose stasis—a long sleep—for me and two of mine. Hard to time these things, but we woke in the eye of a cyclone. When I went to sleep—to avoid being drained of magic and blood by dark Sorcerers—Vampires weren't exactly on the endangered species list, but not many of us are left. No one ever accepted us. Not mortals and not others with power, either. At least one of those dams has developed a few cracks. Supernaturals aren't quite welcoming, but they'll take help from any quarter. Mortals have declared war on magic, and they won't rest until we're all sitting in iron-clad prisons. What a bunch of cowards. If they weren't hiding behind false humanitarian walls, they'd be honest about their intentions and kill us outright if they could. The world turned into an alien place while I slept. Not much point returning to my clan house in Italy. It's probably long since disbanded. Besides, fate tossed me squarely in Ariana's path. She's like me, a Vampire, but I hunger for her in a very un-Vampirelike way. She's done her damndest to chase me away, but I'm tough to dissuade. She doesn't know it, but I won't back off until she's mine. No matter what it takes. When both Luke's friends and Hell's forces spring into action, waking the Hybrid becomes a war on its own. With their old lives gone for good, they will each discover things not only about themselves, but the new world that has become the norm as well. The Wind, Peter Williams, fights full of optimism for his cause, but his own power nags at the edge of his mind. The Dove, Cassidy Ann, will do anything to see the return of the one she loves. However, a new darkness looms over her shoulders. One that isn't easily shaken. The Book, Audrey Davis, struggles with the lingering effects of their last mission. Still, she'll fight to her last breath if need be. Hell may not have stopped them the first time, but more sinister schemes have been put into motion. Will they prevail to reawaken the Hybrid, or will the seven commanders under Lucifer swallow them into the dark? Magic levies a steep price on anyone brave enough or stupid enough to dabble in it. Wizards never forgave Ned for not being one of them. They didn't exactly come out and say his life was expendable, but they didn't have to. He figured it out fast enough when they conscripted him into their long-running war the second he was old enough to fight. Isolated, different, he puzzled out how his brand of magic worked on his own. Fleeing the tide of doom wiping out humanity, Amanda and her family escape to a remote corner of California, where they eke out a hardscrabble existence. With her parents at each other's throats and her brother mysteriously gone, Amanda encounters malevolent power beyond her wildest imaginings. Captured by the Undead, she's about to join their ranks when Ned shows up. Defying a direct order from his wizard battle lord, Ned dives into the fray. He might not know Amanda, but it doesn't matter. She's in trouble and needs his magic. It's good enough for him. Commander of the Nightfury dragons, Bastian leads by example and expects his warriors to follow Dragonkind's code. Honor is everything, duty no option, but when both dictate he be the first to take a mate and sire a son, Bastian falters. For the woman given into his care is most the extraordinary he's ever met and even as she steals his heart, he knows birthing his child will take her life. Secrets lay deep beneath the Antarctic ice. Dark, dragonesque ones. Bundled for the first time! Feral Ice Scientists don't believe in dragons. Dragons never think much about humans at all. Doctor and biochemist, Erin signed up for six months aboard an Antarctic research ship to escape her stifling surgery practice. Jerked from her cozy cabin, she's dumped in an ice cave by men who assume she's dead. Konstantin and Katya, twins and dragon shifters, have lived miles beneath the polar ice cap for hundreds of years. Other dragons left, but they stuck it out. When several humans—all but two of them dead—end up not far from their lair, the opportunity is too good to pass up. Cursed Ice By his own admission, Johan's always been one stubborn bastard. He's wedded to his freedom, and the thought of bonding with a dragon has some pretty serious downsides. If he doesn't sign on to become magical, though, he'll be left behind—also not an acceptable outcome. Katya, dragon shifter and twin to the dragons' prince, thought she wanted Johan as her mate, but he has more rough edges than she counted on. Besides, the serpent problem supersedes everything. She's used to dragons being in charge, but when a serpent almost steals her will, it's quite the wakeup call her magic isn't as potent as she always assumed. Is the age of dragons drawing to a close? If that's true, what will come next? Primal Ice Renegade dragons. A dying Earth. The magic powering all worlds is fading, and no one knows why. As the life he's known for millennia hovers on the brink of ruin, the dragon prince, Konstantin, gathers allies. He would have liked to be better prepared for all-out war, but time grows short. Waiting is no longer an option. Working with his twin sister, a seer, he unearths a shocking sequence of prophecies. Visions that shake the foundations of everything he believed was true. Seduced by a madman, driven by greed, wicked creatures have become bold. Shifters, Sidhe, and land-linked magic are determined to crush the threat eager to steal their power, but even their combined forces might not be enough to bail them out Magic has been mankind's defense against the dark elves and the xiatami...but the Dragon Curse threatens to destroy all. When Tyrcomber Rigamond is sent to help defend the Empire's southern border against the xiatami, he expects a difficult campaign. He doesn't expect to find the sinister Dragon Cult. And their treachery might destroy humanity... Tumble into a world where magic won, but the price was high enough to annihilate almost everything—including love. Life in a shifter bordello is all Keira has ever known. None of the magicians' guilds wanted her because of her mixed blood, and they didn't protest when the shifters bound her as an indentured hooker. Mired in hopelessness, she longs for more. Barrett's a full-blood magic wielder who operates a magician supply shop in what's left of Seattle. No one is more surprised than him when the Sidhe leader commands him to extricate Keira from the shifters. She loves to while away time in his shop, but she always skitters away whenever he even thinks about approaching her. Too bad because she's twenty shades of gorgeous. Magic and intrigue throw Keira and Barrett together. but she has other priorities—like learning to control brand new magic she had no idea she possessed. Besides, once he spirits her away from the shifters, his job is done. Far better to keep his distance and allow her to seize the destiny she was born for. Now if only he could believe that... He's an antisocial dragon shifter with a serious sweet tooth. She's a pastry chef who won't give him any sugar. Blinded in an ambush, dragon warrior Wallaig has spent half a century in the dark with one thing on his mind-vengeance. When the rogue faction responsible returns to Scotland and targets a human female, he saves her life, determined to exact his revenge-even if it means using her as bait. Smart-mouthed Amantha Leblanc is pastry chef with dreams of opening her own shop. The money is in the bank. Her mission is clear. The plan goes to hell the second Wallaig breaks into her apartment and she defends herself with a rolling pin. With a rogue pack of dragons circling, she is forced to rely on a man she doesn't like-but isn't able to resist.
